Rising Phoenix Natural Health, PLLC

SERVICES AVAILABLE

•Classical Homeopathy

In-depth intake with safe and effective personalized remedy for you.

•Electro-Dermal Screening

A comprehensive scan which measures the flow of energy through acupuncture points associated with your body's major systems and organs.

•Constitutional Hydrotherapy

A series of hot, neutral, and cold compresses applied to your torso and back that can stimulate the immune system, digestion, and balance the sympathetic/parasympathetic nervous system.

•Craniosacral Therapy

Gentle adjustment of your head, neck, and spine to improve the flow of cerebral spinal fluid through the central nervous system. Helpful for tension, migraines, prior injuries, post-concussion, PTSD, learning disabilities, TMJ, and more.

•Sound Therapy

Energy adjustment using the vibrations of sound to improve the functioning of your mind/body/spirit as a holistic unit.

Naturopathic Medicine

I want to take you back to explore the basic determinants of health, the building blocks of your life. What lifestyle habits have you developed that may or may not be serving you currently? For example, how is your Diet? Hydration? Sleep? Exercise? How do you deal with Stress in your life? Until these are optimized for you, any medicine, natural or synthetic, may not get the desired result. Using a step-by-step guide, or the therapeutic order, I can partner with you to take back control of your health.

Community Options & Resources (COR)

is a private, non-profit organization which provides residential and in-home support services to persons living with disabilities in Martin, Jackson and Watonwan Counties. The COR mission is to provide a service promoting the ability of each individual to lead a productive and enjoyable life in all environments with the support of professionally skilled staff.

This month marks the 31st year COR has had the opportunity to support Mark (left) at his home in Sherburn.

Though he does not communicate verbally, his direct care staff (such as Shania, right) have learned to understand what he may be thinking and how he may be feeling at any given moment. Mark's team knows he has a good sense of humor and likes interacting with others through pranks. This may include spinning in circles when they are trying to offer him assistance, holding things above their heads, and general silliness with his toys that make sounds (e.g., sitting on them for a laugh). Other preferred pastimes include listening (or dancing) to music from artists such as Led Zeppelin and walks on gravel roads. It should be noted this may include occasional impromptu runs just to catch staff off guard (re: pranks).

Shania has been a Direct Support Professional (DSP) at COR since 2017 and has supported 7 individuals, all with unique needs, in that time. She would like others to know the DSP role is rewarding work. Shania has particularly enjoyed getting to know "the guys" over the years, learning how each person communicates, and supporting them to participate in activities most people take for granted, such as creating Christmas cards and shopping. Thank you, Shania, for your years of dedicated service.

Since 1975, COR's values have been the people we support, our staff, our homes, networking, and the future. If interested in joining the COR team as an employee or a volunteer, please visit www.cormn.com or call (507) 764-4612, ext 5.
