Fall Apple Shares Now Available

Beginning the first week of September, enjoy a 4 lb bag of fresh & local apples weekly. Each bag sports 1-2 varieties of our organic apples. A mix of standard, lesser known and old heritage types. We'll send out a short weekly newsletter, with apple facts, orchard notes and a recipe or two. 6 and 8 week options available. Last year we harvested over 30 varieties of apples!!

Two pick up locations available - the farm store, just 8 miles North of Madeira (Thursdays, Fridays or Saturdays), or Saturdays at the Mankato Farmers Market.

Other options available to add to your Fall Apple Share. If 4lbs is too much, shop the farm store for all your local, organic apple needs!

Dear Friends,

We are personally inviting you to join us for...

Family Fun, Grand Parade, Music, Fireworks, Sports, Shopping, Great Food and Beer Garden on July 9th and 10th at Madelia's Park Days Celebration!

The Madelia Area Chamber of Commerce is in full swing for our 45th Annual Park Days Celebration. This will be a destination for members of our community as well as visitors from near and far. What a great opportunity to showcase this amazing community!

This year, as in the past, Park Days will be funded by community support. This support includes many hundreds of volunteer hours as well as financial donations. Your generous support is what makes Park Days happen, and we are so grateful!

The Madelia Area Chamber of Commerce and the Madelia Health Foundation are working together to streamline the sponsorship process. We are asking for donations once for the entire event, instead of being asked to contribute numerous times for specific activities.

A Park Days sponsorship supports the parade, fireworks, entertainment and overall event costs. Each sponsor will be recognized for their contribution on a banner that will be prominently displayed in the park during the weekend. There are Premium Sponsorship perks listed on the following page.

Madelia Health Foundation will host their 9th Annual 5K Run/1M Walk on Saturday of Park Days. This year an un-timed one-mile walk is also offered for those that can't undertake a full 5K course. The Foundation and Anderson Race Management coordinate the event to promote healthy lifestyles and physical activity. A Run/Walk sponsorship helps to offset the event expenses and raises money for surgical equipment upgrades due to continual growth. Everyone is invited to run, walk or cheer on participants. Donations of \$200 or more will be recognized at the event. Your business can also sponsor a team; and some businesses even have team shirts made for participants.

<https://bit.ly/MadeliaHealth5K>

All donations should be paid to **Madelia Promotions, Inc.**, a tax-exempt organization established to promote Madelia and support the Madelia Area Chamber of Commerce. A portion of your sponsorship will be tax deductible regardless if you are a Chamber member or not. A portion of contributions made by individuals will be tax deductible as a charitable contribution. Contributions made by businesses will be deductible as business promotion or entertainment expenses.

We want to thank everyone who continues to support Park Days each year. Park Days would not be possible without this community effort and support. To assure that every sponsor is properly recognized during Park Days Events we are requesting all sponsorships be sent in by **June 14th.**

The Care you Deserve

Stepping Stones Mental Health Center opened in 2017. I am a Licensed Marriage and Family Therapist, which means that we look at the patient in a systemic way. We look for patterns in the family system that explain why you think and act the way you do. I will help guide you into finding the root of your problem and develop coping skills to ease your stress.

How does Social Distancing impact our lives now and into the future (from a psychological viewpoint)?

Does anyone besides me wonder what our future will look like in one year, 5 years, 20 years? This concept of social distancing may be helpful to delay spreading of a virus, but how does it impact us emotionally and psychologically? I can say that I have seen firsthand, how it is impacting my patients. While some are doing fine, others are not. I have seen an uptick in abuse reports, domestic violence, police calls, depression, and anxiety. Why is this? It is simply not in our nature to live a life with no human touch or companionship. Our bodies crave human touch. This is the principal way that baby's bond to parents-by human touch.

How will our children bond to extended families such as their grandparents, aunts and uncles, or good friends? What opportunities for love and growth are not occurring now because of social distancing? What about the inability to attend funerals to say good bye to our loved ones? Or to be present as they are leaving this earth? What about the person who is dying, alone and afraid? These are thoughts/questions I have daily, and I fear their answers. Maslow (1943) initially stated that individuals must satisfy lower level deficit needs before progressing on to meet higher level growth needs. When we are deprived of our basic needs, the need to fulfill such needs will become stronger the longer the duration they are denied. For example, the longer a person goes without food, the hungrier they will become.

Physiological needs: are the biological requirements for human survival, e.g. air, food, drink, shelter, clothing, warmth, sex, sleep. If these needs are not met, our bodies cannot function at their best. Maslow considered these needs most important as our other needs are secondary to these needs.

Safety needs: come after the physiological ones have been met. The needs for security and safety become necessary. People want to experience order, predictability and control in their lives. These needs can be fulfilled by family and society (e.g. police, schools, business and medical care).

Love and belongingness needs: after physiological and safety needs have been fulfilled, the third level of human needs is social and involves feelings of belongingness. The need for interpersonal relationships motivates behavior. This includes friendships, intimacy, trust, giving and receiving affection.

Tips for handling social distancing:

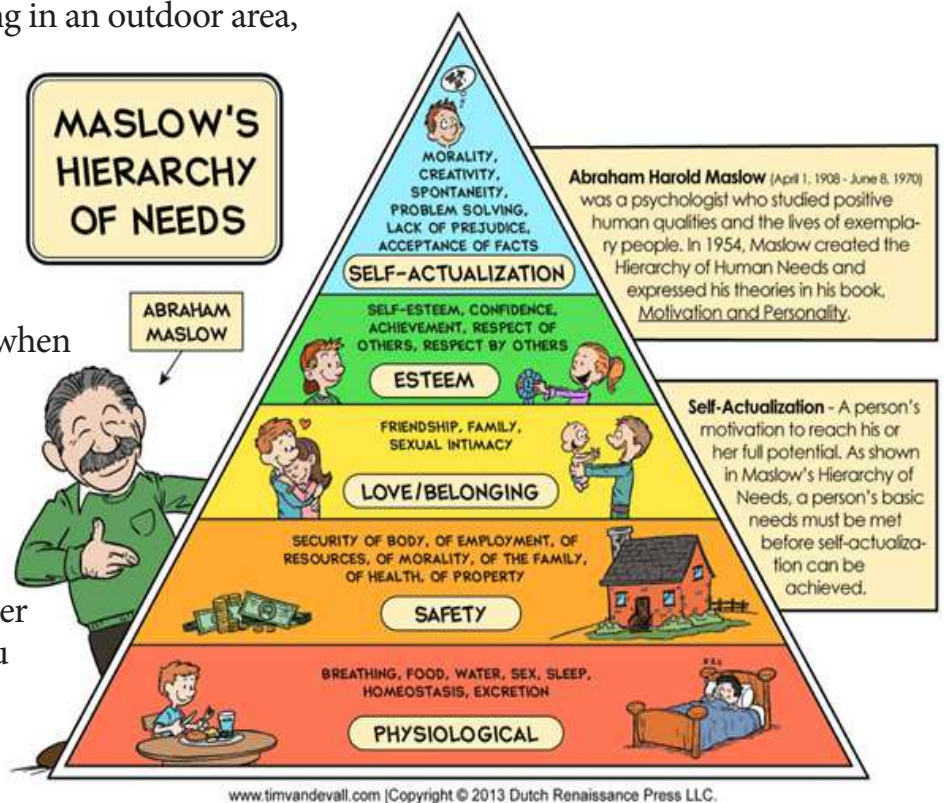

Facetime or zoom with your loved ones to stay in touch. Do this often. You could each eat a meal at the same time and discuss your day. Or you could each get the same book and read together out loud during your video time.

Visit with your loved one by meeting in an outdoor area, wearing masks.

Spend extra time with your small children, giving them extra cuddles that they might get from extended family. Reassure them that this will not last forever.

Use the Butterfly technique. This is when we cross arms and touch our shoulder with the opposite palm, thereby giving ourselves a hug.

As you ponder these requisites for our humanness, you can see that these are obstacles when you consider social distancing. How are all of you getting your needs met?

INSPIRED PERSPECTIVES

2021 WEBINAR SERIES

TIPS AND TOOLS FOR CONTINUED SUCCESS

MAKE 2021 YOUR YEAR

By getting your mind focused on growth and success through our informational and educational webinars designed to keep our clients, colleagues and friends informed on innovative business and tax strategies.

The tools and resources presented will help businesses and individuals make informed decisions and remain successful and compliant in a competitive marketplace.

JUNE
7

Changing Tax Legislation in the Biden Budget: In late May, the president's budget is scheduled to be released. At that time the "Treasury Green Book," a detailed description of the tax proposals included in the budget, is also expected. Eide Bailly's tax legislation team, along with National Tax office specialists, will examine this new information, explore the potential impact on individuals and businesses, and discuss how it may influence future legislation.

JUNE
21

Estate & Gift Tax Planning Changes – Action May Be Needed: Join us to hear about the proposed "For the 99.5 Percent Act" and the anticipated infrastructure bill in Congress. The new legislation could include changes to the current federal estate and gift tax rules and address grandfathering provisions. Reviewing your estate documents to determine what, if any, changes are needed due to the proposed legislation is an important step.

JUNE
22

2021 Sales Tax Changes and Your Tech's Role: Having the knowledge of upcoming sales tax trends—including new rules, regulations, and available technology solutions—can help your business find firmer footing in today's shifting compliance environment. Join us to discuss 2021 sales tax changes and how your business's technology can help you remain compliant and forward-looking.

JUNE
23

Employee Benefit Plan Governance and Audit Matters: Your employee benefit and retirement plan is an important part of your business. Staying up to date with your fiduciary duties and responsibilities in an ever-changing regulatory environment is not easy, and non-compliance comes with risk. We will discuss what your fiduciary responsibilities are, identifying common errors and how to prevent those errors and the AICPA's new SAS 136 audit standard.

JUNE
24

Quarterly Legislative Update: Join us for our quarterly tax legislative update covering recent developments in proposed and enacted tax legislation. Staying up to date on areas affecting your situation is important and can allow you to better plan for changes that may be coming.

Webinars are FREE to attend and offer CPE credit.
