The Great Storm: Minnesota's Victims in the Blizzard of January 7, 1873

On January 7, 1873, Minnesota residents experienced a violent blizzard when dozens of people died primarily on the state's flat, tree-less prairies. Kandiyohi County native, Carolyn Mankell Sowinski, takes the reader back 150 years and tells the stories of these victims in her latest book, **The Great Storm: Minnesota's Victims in the Blizzard of January 7, 1873**. She has identified

84 people from 31 western and southern counties who died in this storm: men and women; children and babies; Civil War veterans and recent immigrants; homesteaders and villagers; state residents and visitors. Friends died together; neighbors died together; family members died together. Many died alone--suffering for one, two, or all three days.

In her presentation Sowinski will share stories about the Watonwan County victims: eight who died in the blizzard and one young girl who had amputations. She will read excerpts about the storm, highlight some historic documents about the victims, and provide helpful hints when doing research. Sowinski will have books for sale at the event (cash or check). The author has five books about her ancestors and Minnesota history available on Amazon.com.

Tickets may be purchased from any board member or at WCHS. The meal will once again be catered by Hometown Café of St. James. Tickets are \$20.00. **ORDER TICKETS EARLY! TICKETS WILL NOT BE SOLD AT THE DOOR OR AFTER APRIL 3.**

Chief Operations Officer – New Ulm Main Office

Description:

Citizens Bank Minnesota is looking for a high performing, experienced, motivated and community focused Chief Operations Officer who loves working with people and has great attention to detail. The selected candidate will provide oversight for the bank's operations as well as being responsible for Delivering the Ultimate Experience by developing positive, meaningful relationships with new and existing clients and for building a positive culture that ensures team members can thrive and organizational goals are met. This is an outstanding opportunity to join a trusted financial institution. If you are an upbeat, positive candidate, this is a career worthy of consideration.

Chief Operations Officer Responsibilities:

- Collaborate with CEO in setting and driving organizational vision, growth and strategic planning, operational management and processes, and overall bank staffing plans.
- Translate strategy into actionable steps for growth and efficiency, implementing organization wide long and short-term goal setting and annual operations planning through the Action Plan.
- Oversee the company operations in our branches and in the following departments: Client Services, IT, Bookkeeping, Compliance, Connections, Marketing.
- Identify areas for process enhancements throughout the bank, to include implementation of strong internal controls, policies and procedures.
- Identify areas for product/service enhancement and work with department heads to maintain high quality products and services for our bank customers to ensure that customer service standards are met.
- Be responsible for the productivity and performance management of assigned department heads.
- Responsible for the budget for all assigned departments.

Chief Operations Officer Needed Competencies:

- Customer/Client Focus.
- Results orientation – plans, organized and uses time, technology and resources efficiently. Follows through on accountabilities including meeting quantity and quality expectations. Works on highest priority activities.
- Ability to diagnose problems quickly and foresee potential problems/conflicts/issues.
- Attention to detail.
- Strong written and verbal communication skills.
- Strong technical capacity/computer skills.
- Team player – develops and maintains positive working relationships.
- High level of industry and product knowledge.

Chief Operations Officer Desired Qualifications:

- College Degree, preferably in banking or business-related field.
- Proficiency with Excel, Word, Power Point, Microsoft Outlook and Windows products.
- Mathematical skills.
- Five or more years of bank operations experience.
- Banking software knowledge
- Five or more years in an executive leadership role.
- Excellent leadership skills with steadfast resolve and personal integrity.
- Understanding of advanced business planning and bank regulatory issues.
- Solid grasp of data analysis and performance metrics.
- Understanding of accounting, time value of money concepts, business finance, and business law.

Chief Operations Officer Benefits:

- Full Time
- Competitive Wage
- Comprehensive Benefits package including health, dental, vision, and life insurance
- Short- and Long-Term Disability
- 401k Plan
- Paid Time Off
